

Bladmijnenwandeling gemaakt samen met Guido, Willy en Jurate.

### Nepticulidae

<i>Stigmella floslactella</i> (Haworth, 1828)	1	Field observation	leaf mine
<i>Stigmella hemargyrella</i> (Kollar, 1832)	7	Field observation	leaf mine
<i>Stigmella microtheriella</i> (Stainton, 1854)	5	Field observation	leaf mine
<i>Stigmella sakhalinella</i> Puplesis, 1984	1	Field observation	leaf mine
<i>Stigmella samiatella</i> (Zeller, 1839)	2	Field observation	leaf mine
<i>Stigmella tiliae</i> (Frey, 1856)	1	Field observation	leaf mine
<i>Stigmella tityrella</i> (Stainton, 1854)	19	Field observation	leaf mine

### Tischeriidae

<i>Coptotriche marginea</i> (Haworth, 1828)	1	Field observation	leaf mine
<i>Tischeria ekebladella</i> (Bjerkander, 1795)	9	Field observation	leaf mine

### Bucculatricidae

<i>Bucculatrix demaryella</i> (Duponchel, 1840)	4	Field observation	leaf mine
<i>Bucculatrix frangutella</i> (Goeze, 1783)	6	Field observation	leaf mine

### Gracillariidae

<i>Leucospilapteryx omisella</i> (Stainton, 1848)	7	Field observation	leaf mine
<i>Caloptilia stigmatella</i> (Fabricius, 1781)	2	Field observation	leaf mine
<i>Parornix anglicella</i> (Stainton, 1850)	6	Field observation	leaf mine
<i>Parornix betulae</i> (Stainton, 1854)	2	Field observation	leaf mine
<i>Parornix devoniella</i> (Stainton, 1850)	3	Field observation	leaf mine
<i>Macrosaccus robiniella</i> (Clemens, 1859)	1	Field observation	leaf mine
<i>Phyllonorycter acerifoliella</i> (Zeller, 1839)	3	Field observation	leaf mine
<i>Phyllonorycter coryli</i> (Nicelli, 1851)	255	Field observation	leaf mine
<i>Phyllonorycter joannisii</i> (Le Marchand, 1936)	7	Field observation	leaf mine
<i>Phyllonorycter maestingella</i> (Müller, 1764)	48	Field observation	leaf mine
<i>Phyllonorycter nicellii</i> (Stainton, 1851)	4	Field observation	leaf mine
<i>Phyllonorycter oxyacanthae</i> (Frey, 1856)	7	Field observation	leaf mine
<i>Phyllonorycter rajella</i> (Linnaeus, 1758)	55	Field observation	leaf mine
<i>Phyllonorycter ulmifoliella</i> (Hübner, 1817)	9	Field observation	leaf mine
<i>Phyllocnistis saligna</i> (Zeller, 1839)	20	Field observation	leaf mine

### Plutellidae

<i>Plutella xylostella</i> (Linnaeus, 1758)	1	Field observation	on light
---	---	-------------------	----------

### Lypusidae

<i>Diurnea lipsiella</i> (Denis & Schiffermüller, 1775)	1	Field observation	on light
---	---	-------------------	----------

### Coleophoridae

<i>Coleophora lusciniapennella</i> (Treitschke, 1833)	1	Field observation	leaf mine
---	---	-------------------	-----------

### Pyralidae

<i>Endotricha flammealis</i> (Denis & Schiffermüller, 1775)	2	Field observation	on light
---	---	-------------------	----------

## Crambidae

Cydalima perspectalis (Walker, 1859)	2	Field observation	on light
Palpita vitrealis (Rossi, 1794)	1	Field observation	on light
Nomophila noctuella (Denis & Schiffermüller, 1775)	1	Field observation	on light
Udea ferrugalis (Hübner, 1796)	6	Field observation	on light
Eudonia lacustrata (Panzer, 1804)	1	Field observation	on light

## Lasiocampidae

Euthrix potatoria (Linnaeus, 1758)	1	Field observation	caterpillar
------------------------------------	---	-------------------	-------------

## Geometridae

Ennomos erosaria (Denis & Schiffermüller, 1775)	1	Field observation	on light
Colotois pennaria (Linnaeus, 1761)	1	Field observation	on light
Erannis defoliaria (Clerck, 1759)	3	Field observation	on light
Ectropis crepuscularia (Denis & Schiffermüller, 1775)	1	Field observation	on light
Orthonama obstipata (Fabricius, 1794)	1	Field observation	on light
Chloroclysta siterata (Hufnagel, 1767)	2	Field observation	on light
Thera obeliscata (Hübner, 1787)	2	Field observation	on light

## Erebidae

Eilema caniola (Hübner, 1808)	2	Field observation	on light
Eilema depressa (Esper, 1787)	3	Field observation	on light
Lithosia quadra (Linnaeus, 1758)	1	Field observation	on light

## Noctuidae

Autographa gamma (Linnaeus, 1758)	1	Field observation	on light
Plusia festucae (Linnaeus, 1758)	1	Field observation	on light
Deltote pygarga (Hufnagel, 1766)	1	Field observation	on light
Asteroscopus sphinx (Hufnagel, 1766)	1	Field observation	on light
Helicoverpa armigera (Hübner, 1808)	1	Field observation	on light
Hoplodrina ambigua (Denis & Schiffermüller, 1775)	1	Field observation	on light
Tiliacea aurago (Denis & Schiffermüller, 1775)	3	Field observation	on light
Noctua janthe (Borkhausen, 1792)	3	Field observation	on light
Xestia c-nigrum (Linnaeus, 1758)	1	Field observation	on light

Total number of specimens: 532  
Total number of species: 55
